

## ON THEIR WAY

## 20 WINTER IN THIS MODERN GARDEN OF EDEN.

## Two Raymond &amp; Whitcomb Parties of Pullman Tourists to Arrive Here Within the Next Three Days—The Alphabetical List.

Below will be found the list of the Raymond & Whitcomb party which left Boston on the 30th and will reach this city tomorrow, proceeding at once to the Raymond, where the party will spend the winter. As usual with THE TIMES, the list is presented in the handiest shape for reference, viz, by alphabetical arrangement of the places from which the tourists hail:

The party is in charge of Carroll Hutchins, of Boston, assisted by Wm. Wyles, of Chicago. Following is:

**THE PARTY:**  
Bangor, Me.—Mrs. Sarah L. Wing.  
Bangor, Me.—Mrs. F. R. Burnham.  
Boston, Mass.—Henry C. Curtis, H. F. Greenleaf, Mrs. Sarah B. Hacker, Miss S. H. Hacker, John R. Haseltine, Francis Hayward and wife, Miss Julia M. Pickard, Edwin G. Smith.  
Brookfield, Mass.—Miss Abby F. Blanchard, C. P. Blanchard and wife.  
Brooklyn, N. Y.—R. B. Price.  
Buffalo, N. Y.—Mrs. E. B. Eggert, Miss S. G. Goff.  
Detroit, Mich.—J. P. Buckley, Mrs. Mary Buckley, Miss C. D. Williams, Miss Eliza Williams.  
East Brookfield, Mass.—Dr. D. W. Hodgkins.  
Haverhill, Mass.—Declarator R. Bennett, Miss Frances S. Bennett, Edwin Gage and wife.  
Ludington, Mich.—Thos. R. Lyon and wife, John S. Woodruff and wife.  
Maynard, Mass.—Miss Anna F. Keller.  
Middlefield, Mass.—Miss Sophie A. Smith.  
Newburyport, Mass.—Mrs. Robert Bayley, Miss Alice P. Bayley.  
North Weymouth, Mass.—A. F. Hayward and wife.  
New York, N. Y.—A. H. Blanchard.  
Philadelphia, Pa.—Mrs. J. S. Bonbright and maid, Miss L. B. Bonbright, J. W. Reeves, Miss A. Warden, Miss M. Warden.  
Pigeon Cove, Mass.—Mrs. John Bishop, A. Hoy.  
Riverside, Cal.—Miss Ella V. White.  
South Weymouth, Mass.—William Dwyer and wife.  
Windsor, Vt.—Ripley Clark and wife.

## MORE RAYMONDS.

## Another Big Party on an Elegant Special Train.

The following passengers left Boston January 17th under the charge of Raymond & Whitcomb's agents, and took the southern itinerary, with stops at Cincinnati, New Orleans and San Antonio. They will arrive here February 1st, about 3 p.m. L. L. Holden is in charge, with Colville Ballard as assistant and H. H. Pullam in charge of baggage.

**THE TRAIN.**  
THE TIMES has already noted the fact that the Pullmans have built a magnificent special train for Raymond & Whitcomb. The Boston Sunday Record of January 16th says:

"A train of six new Pullman palace cars and dining-car stood at the Fitchburg station yesterday, as fresh and new as could be, waiting for the party of 120 excursionists, who on Monday at 2 o'clock will leave Boston for a six weeks' tour to California and return. Four of the cars were named 'Raymond,' 'Whitcomb,' 'Holden,' and 'Pasadena.' Those who know how extensive is the business of Messrs. Raymond & Whitcomb, and how urbane is their chief assistant, Mr. Luther Holden, and how pleasant is their hotel at Pasadena, Cal., will have no doubt as to what the names mean. These cars have just been turned out of the Pullman Company's shops and are built expressly for the use of the Raymond & Whitcomb parties, which during the winter and spring months are constantly flitting between New England and the farthest points of the City of Mexico, San Francisco and the Puget Sound. A step inside, under the escort of Mr. I. A. Whitcomb, of the company, who has under his charge the entire business of these excursions from the time they leave Boston to the time when they return, shows that the cars are supplied with every possible modern convenience known to railway traveling, and are models of comfort and luxury for those who are soon to enjoy their accommodations."

"A large number of gentlemen, connected with the railroads and with the press of Boston, looked over this train yesterday afternoon and all of them pronounced it a model of what can be accomplished in the comforts of railroad traveling, and the hand-somest train of cars which probably has ever been seen in Boston. At the conclusion of the inspection, the company adjourned to the dining-car under the special charge of Maj. J. F. Trout, commissary to the Pullman Company who invited its members to a dinner. This dinner was purely informal and was presided over by Mr. Raymond, whose quiet ways but poorly concealed the energy and ambition which distinguish him, and by Mr. Whitcomb, who is known throughout New England by those who have traveled in safety and pleasure under his management. The menu and the table furnishings were all equal to that of any Boston hotel."

"The acquisition of this train of cars is only another evidence of the great increase in business which Messrs. Raymond & Whitcomb are doing, and of the character and strength of the patronage which they have built up. They will send half a dozen parties to California this winter and spring, two parties to the City of Mexico and innumerable excursions to Washington, Niagara, Saratoga, the mountains and the points of interest in Canada and the New England States. It is one striking feature of their success that their support comes in large measure year after year from the same people, who, having been once, consider that a year is hardly complete without at least one trip under their charge, and they have a considerable number of people who make it a point now every winter to go to California. Henceforth they will do so on special trains, be housed in California in the company's own hotel, and throughout the trip feel that Raymond & Whitcomb is a name to be conjured by. The party leaving tomorrow will be under the charge of Mr. Luther Holden, with a staff of assistants, and judging by the display at the Fitchburg station yesterday, will lack nothing of that which goes to make up a pleasant and desirable trip."

**THE PARTY.**  
Following are the passengers:

Arlington, Mass.—C. H. Cutter.  
Athol, Mass.—Mrs. George N. Kendall.  
Belmont, Mass.—W. L. Lockhart and wife, Miss Eva Lockhart, W. J. Underwood and wife.  
Boston, Mass.—George Cook and wife, B. F. Dewing and wife, Miss Carrie A. Eastman, Miss M. Frothingham, W. B. Frothingham and wife, E. J. Hammond and wife, Mrs. Luther L. Holden, A. P. Parker and wife, Charles Sprague, Charles J. Sprague, Miss Carrie L. Upham, Mrs. Mercy T. Upham, L. F. Wadsworth.  
Brighton, Mass.—S. Davenport and wife, E. H. Larnard, wife and son, Miss I. T. Tobey.  
Brookline, Mass.—James S. Barber and wife.  
Brookton, Mass.—Benjamin O. Caldwell and wife, E. W. Gardner, Miss H. E. Gardner, C. W. Kingman, A. C. Thompson and wife.  
Cambridge, Mass.—Charles E. Raymond and wife.

Charlton City, Mass.—George C. Prouty and wife.  
Cincinnati, O.—Mrs. M. R. Bayley, Miss Mary Rawson.  
Cleveland, O.—N. P. Bowler and wife, Miss Cora C. Bowler.  
Dorchester, Mass.—James Smith and wife, Miss Velma S. Smith.  
Dover, N. H.—D. M. Hill.  
Forestville, Ct.—J. Hart Welch and wife.  
Gardiner, Me.—J. T. Richards and wife.  
Holbrook, Mass.—Miss M. W. Holbrook.  
Royal Thayer, Mass.—Miss D. Thayer, C. Holyoke, Mass.—Miss Kittle I. Chase, R. B. Johnson and wife, W. S. Loomis and wife.  
Jamaica, N. Y.—Miss N. H. Remson.  
Jamaica Plain, Mass.—Miss G. Kelley.  
Jamestown, N. Y.—Miss Mertie Broadhead, Miss S. F. Broadhead, Wm. Broadhead and wife.  
Keene, N. H.—C. E. Joslin and wife, Master E. H. Joslin.  
La Crosse, Wis.—Miss Harriette M. Fox, Mrs. W. D. Fox.  
Lebanon, N. H.—L. C. Pattee and wife, Miss Fannie L. Pattee.  
Littleton, N. H.—B. W. Kilburn.  
Lowell, Mass.—David Whitaker.  
Manchester, N. H.—Mrs. M. D. Plummer.  
Marblehead, Mass.—E. B. Bridge, R. C. Bridge.  
Medford, Mass.—W. H. Kimball, Joseph K. Manning.  
New Bedford, Mass.—Miss C. O. Seabury, Miss S. E. Seabury.  
Newburyport, Mass.—Mrs. A. M. Pike.  
New Haven, Ct.—Jeremiah Wolcott and wife.  
Newton, Mass.—Miss C. Louise Coffin, E. W. Converse, Miss M. Converse, S. Farquhar and wife, Mrs. M. J. Hart, J. C. Potter and wife, Miss Kate Potter.  
North Cambridge, Mass.—L. P. Soule and wife.  
North Orange, Mass.—Miss M. L. C. Blodgett, Mrs. A. P. Goddard.  
North Weymouth, Mass.—J. W. Bartlett and wife.  
Pittsfield, Mass.—A. Burbank, Joseph Foote and wife, Mrs. H. M. Hard.  
Portsmouth, O.—Mrs. Belle M. Tracy, Miss Fannie M. Tracy.  
Troy, N. Y.—Geo. W. Daw, wife, infant and nurse.  
Uxbridge, Mass.—Edmund O. Bacon.  
Walpole, N. H.—Dr. A. P. Richardson and wife.  
West Newton, Mass.—W. M. Bush and wife.  
Wheeling, W. Va.—W. E. Hughes and wife.  
Wilmington, Mass.—Miss Sabra Carter.  
Worcester, Mass.—Miss Mary S. Goulding, W. H. Goulding.

## A NOTABLE WEDDING.

## Union of Two Very Wealthy Los Angeles Families.

A wedding which may be said to possess more than usual local and social importance took place in this city yesterday morning. By this marriage two immense estates were united, the large possessions of G. J. Griffith and a vast amount of Los Angeles property, owned by the charming bride, Miss Mary Agnes Christina Mesmer, daughter of Mr. and Mrs. Louis Mesmer, familiarly known among her most intimate social friends as "Tina." Besides the Los Feliz ranch Mr. Griffith is the fortunate possessor of a number of rich gold, silver and lead mines. The bride's parents are also exceedingly wealthy, while the bride's Los Angeles property, which she owns in her own right, will certainly not be worth less than \$1,000,000 when cut up into building lots.

The bride has been educated in a superior manner, and is the owner of so vast an estate, her singular and playing are exceptionally fine, and her taste for flowers is remarkable (as is well illustrated in her mother's garden). She can speak four languages, while the happy bridegroom can converse in three, including Welsh. The wedding tour will be far more extensive than anything of a similar character ever contemplated before by any bridal party from this place. It will include San Francisco, Monterey, Santa Cruz, Yosemite Valley, Geysers, Sacramento, Salt Lake, Petaluma, the Grand Canyon of the Colorado, Yellowstone Park, Niagara Falls, Chicago, Buffalo, New York, Philadelphia, Baltimore, Washington, Great Britain, France, Italy, Bavaria, Austria, Germany, Switzerland, Belgium, England, Wales, etc., etc. The happy pair departed yesterday on their tour in a specially reserved section of a Pullman car. A large number of friends were present to wish them every happiness.

It is asserted as an assured fact that, during the bridal tour, the 1193-acre ostrich farm of Mr. Griffith will continue to be the leading attraction of the kind in the United States.

THE TIMES refrains from giving further details of this important social event, in deference to Mr. Griffith's desire that the happy event should be conducted as quietly as possible.

## Episcopacy in East Los Angeles.

If anybody has any lots on or near Downey avenue, or Hoff street, East Los Angeles that they want to sell or give away to the Church of the Epiphany now is the time to speak out. The Board of Management meets to decide the matter on Monday, February 7th, at 7:30 p.m. Plans of ground with prices may be sent to the pastor, Rev. Henry Scott Jeffers, 317 Downey avenue; to the secretary, Ernest Coxhead, at Brown's architectural studio, opposite the postoffice, or to any member of the Church Corporation. The other members of this body are William Lacy, George W. Johnston, William Horne, Isaac Wickersham, N. F. Embury and J. G. Bower.

## Incorporated.

Articles of Incorporation were filed yesterday by the Vossburg Water Company. The object is to buy and sell land and water rights. The principal office will be at San Gabriel. The directors are J. S. Vossburg, James O. Vossburg, J. S. Slauson, Charles P. Murray and N. E. Vail. Capital stock, \$50,000; all subscribed.

## Passed Away.

Mrs. Johanna Harnett, who died yesterday at the age of 67 years, was the mother of Rev. Father Harnett, of the Cathedral, and of the following married daughters: Mrs. A. S. McDonald, Mrs. R. J. Collins, Mrs. Keenan, Mrs. Mead, Mrs. Hannan, and Mrs. Slaney. She had lived here many years and was well known.

## Excursions.

## CALIFORNIA SOUTHERN RAILROAD COMPANY.

## HALF-RATES TO SAN DIEGO &amp; RETURN.

Holders of Atchison, Topeka and Santa Fe excursion tickets can get round-trip tickets to SAN DIEGO AND RETURN.

## FOR ONE FARE, \$9.30.

With stop-over privileges, both going and coming.

H. B. WILKINS, Gen. Pass. Ag't.

C. T. PARSONS, Ticket Ag't.

C. SEYLER, Ticket Ag't.

Desirable property in all parts of the city and country. Money to loan, houses to rent, etc.

## LAMB &amp; GRIFFIN.

Real Estate Dealers,  
10 West First st., Widdow block.

## ALAMITOS BEACH TOWNSITE.

This new seaside resort is located on the Pacific Ocean 22 miles south of Los Angeles and midway between the port of San Pedro and Anaheim landing. Alamitos joins Long Beach on the east and has 10 miles of streets, which are to be neatly graded and lined with trees, and will be abundantly supplied with pure artesian water. An extra quality of pipe clay has been discovered on the townsite, which is now being molded into pipe that is superior to any other. Several thousand bricks are burned and will soon be used to construct a vast reservoir. The facilities for hunting, fishing and boating are abundantly supplied by the New River and its broad estuaries.  
The elevation of Alamitos Beach gives a commanding view of the ocean, islands, mountains, harbors and towns, together with its beach, which is unequalled for bathing and driving facilities, secures it forever a place in the forefront of seaside resorts. Write for agency and maps to  
G. W. ELWOOD, Agent,  
Long Beach, Cal.

## Medical.

## CATARRH

## CONSUMPTION,

## ASTHMA and BRONCHITIS,

Treated specially and successfully by

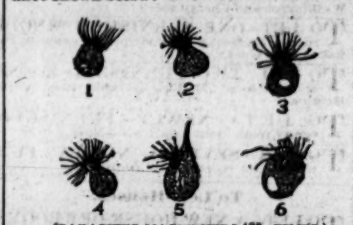

W. N. DAVIS, M.D.,

404 N. SPRING STREET,

Los Angeles, : : California.

## NASAL CATARRH.

Treated upon a new principle, founded upon the fact that the disease is parasitic in its origin. The parasites can be demonstrated by the microscope, and will present the appearance shown below:

One difficulty in the treatment of this disease has been the inability to apply the remedy to the whole seat of inflammation, and other is the failure to use the right remedies. Our treatment consists in using medicines in the form of ointments, properly administered and sprayed through the head and throat, reaching every part of the head that a spray can reach. The remedy remains in the head for some time, passes readily into vapor, and reaches cells filled with mucus impossible to be reached by medicine in liquid or powdered form.

The treatment is pleasant, and even children will take it readily. It is a new principle, knowing the relief it will give them at once. Constitutional remedies are employed for the blood etc. Patients can treat themselves at home when necessary.

## COMPOUND OXYGEN.

## THE BENEFIT DERIVED FROM INHALATION.

In the Circle of Sciences we read this sentence: "The general effect of oxygen in nature is that of a life giving principle. Ever since the discovery of oxygen by Priestley, this idea has been uppermost in the mind; medical, since respiration is the process of administering oxygen to the tissues of the body through the agency of the blood and in the lungs, purifying the life-blood, the thought instinctively arose into the mind that if, in cases of disease or imperfect oxygenation, we could help the lungs to more than their usual amount of oxygen we would be wielding a weapon of vast remedial effectiveness."

Practical experience shows this theory to be correct, and never have we seen a case of asthma, bronchitis, consumption or general debility that the inhalations, properly administered, failed to relieve, more or less. This true that consumption in the third stage can only be relieved, except in rare instances, by our belief, founded upon experience, is that every case can be cured in the first stage, and the large majority in the second stage, climatic influences being favorable.

The home treatment can be sent per express to any address.

Los Angeles, Dec. 9, 1886.—Dr. W. N. Davis—

Dear Sir: I wish to testify as to what your catarrh treatment has done for me. I was troubled with catarrh for five or six years or more, and felt as if death would be a relief. My nose would not smell, my taste was lost, my hearing and taste were very much affected. Your treatment relieved at once, and in a few days entirely cured me, and restored my lost senses to their natural condition.

WILLIAM L. DUDLEY,

R. Benshaw's office, No. 20, Downey block.

Los Angeles, Aug. 4, 1886.—Dr. W. N. Davis:

This is to certify that I have been cured of the catarrh for four years. My breath was offensive and I used different kinds of medicine. It failed to cure me, and I went to Dr. W. N. Davis and he treated me with the Medical Inhalation Treatment, and I was cured in 16 days and am now in perfect health. All those that are troubled with the catarrh had better go and consult Dr. Davis.

JOSEPH BAKER,

No. 217 First st.

Los Angeles, June 13, 1886.—Dr. W. N. Davis,

Dear Sir: I was troubled with a bad form of catarrh of the nose and throat for eight years, and I am thankful to say that your treatment has entirely cured me. I was in poor health (eight weeks). My stomach was somewhat affected, causing indigestion, which was relieved at once. I have gained 10 pounds since I began treatment, and feel better than since I was a child.

MRS. ELLA WILKINSON,

Figueras st., near Ward.

This is to certify that I am a regularly-qualified physician, but not practicing, and have been cured of catarrh of the nose and throat by the use of Dr. W. N. Davis's "New Treatment."

My success, as applied to him for medicine, and determined to try it in the case of one of my friends, as improvement was immediate, and one prescription effected a cure. The case was of years standing and a bad one. I can recommend Dr. Davis to those similarly affected.

S. HALEY, M.D.,

Los Angeles, August 1, 1886.

JAN. 2, 1887.—S. Haley testifies that the case he treated five months ago is still a cure.

Los Angeles, July 4, 1886.—Dr. W. N. Davis:

I have been troubled with catarrh of the dry variety for about five years, since three years ago I came to California, and in one month I feel that I have been entirely cured by your remedies. Yours truly, PETER NIELSEN.

Yours gratefully, M. S. FISH,

May 25, 1886.

Los Angeles, Dec. 10, 1886.—Dr. W. N. Davis:

I was troubled with moist catarrh of the nose and throat for about two and a half years, there always being a disagreeable feeling above the soft palate, and a disposition to clear the throat. Your treatment entirely cured me in one month.

MRS. ANNIE TOWNSEND, 108 Olive st.

Los Angeles, Oct. 2, 1886.—This is to certify that I was troubled with asthma and bronchitis for one and a half years, and never was entirely free from it at any time till two months ago. I put myself under the care of Dr. W. N. Davis, and his inhalations gave me relief at once, so that I could attend to my business as well as ever. I now believe that I am entirely cured.

H. J. DEYO, Ventura st. and Vernon ave.

Los Angeles, Jan. 27, 1887.—This is to certify that I have been troubled for four years with bronchitis, and in six weeks I have been almost entirely cured by Dr. W. N. Davis, and have had no subsequent attacks since I commenced treatment. I can recommend Dr. Davis to any who are troubled with the lungs.

MRS. M. S. STEVENS, Ninth st., near Pearl.

Los Angeles, Feb. 3, 1887.—Dr. Davis: If it were not for you I am satisfied that I would now be dead with lung disease, which had troubled me for two years, as at the time I began treatment last summer I was so low that I was unable to continue my trip East, after starting, and was obliged to return from Mexico. I wish to testify that I was entirely cured in three months, and found your charges very reasonable.

MRS. F. F. MERRICK, 22 Bernard st.

CONSULTATION FREE.

## MONROVIA, CALIFORNIA,

## FOUR NEIGHBORS.

## NEWS, GENERAL AND SPECIAL FROM SISTER CITIES.

**What is Going on in the Prosperous Burgs of Pasadena, San Bernardino, Ontario and Santa Barbara.**

The following interesting budget is selected from yesterday's exchanges:

## PASADENA.

**The Boomtown Boom in the Crown of the Valley.**

[Pasadena Star, Jan. 26.]

Lyman Allen's new \$500,000 house on Los Robles is receiving the finishing touches. Minneapolis capitalists are talking of erecting a \$100,000 hotel in Sierra Madre. They couldn't find a more profitable investment.

The gas company supplies Pasadena with from 8,000 to 100,000 feet of gas weekly, and finds its machinery inadequate to the demand.

Mrs. Sheekle, living near Pasadena, had \$400 stolen from her purse Tuesday night. It was the proceeds of property sold the day before.

The Pasadena Manufacturing Company is pushing work as fast as possible, owing to a delay in material. The main building will be 60x30, three stories, besides the office, which is 16x24, two stories. A large additional force of men will be placed on the works as soon as they can be worked to an advantage.

The directors of the Alhambra and Pasadena street railway are: A. C. Weeks, president; F. Edward Gray, vice-president; F. Q. Story, treasurer; J. G. and G. E. Adams, C. T. Adams is secretary pro tem. The road will run from Raymond depot on Garfield avenue to the Southern Pacific station at Alhambra.

We are very glad to say that the Universalist parish has extended the call to Rev. E. L. Briggs as pastor during his stay until May. Rev. Briggs is a deep thinker, convincing speaker and a devoted Christian. His audience increases every Sabbath, and we expect to see him lay the foundation of an active, liberal church.

A reading-room, under the auspices of the Young People's Guild of the Baptist Church, has been opened in the lecture-room of the church, and is open on Monday, Tuesday, Friday and Saturday evenings, to all visitors, strangers being especially welcomed. Writing facilities, magazines, etc., are provided, it being the desire of the management to make a comfortable place of resort for all who choose to avail themselves of its privileges.

From David Dolben, foreman of the Hill and Porter tunnel work on the Woodbury wash, we learn that the tunnel is now at a distance of about 1450 feet, and that another air shaft is now being sunk. Unlike other tunnels, this one was started about 2000 feet south of the foot of the mountain, and is now being run on a level, with the object of drifting east and west when bed-rock is reached. A large supply of water is expected to be tapped by this means.

As a further evidence of the wonderful advancement of our thriving city, the gas company have found themselves unable to supply the increasing applications for gas in stores and residences and with commendable enterprise the president of the company has ordered another bench of five retorts from Evans & Howard of St. Louis. The telegraph has been used and they are now on the way as fast freight. The works were built for a city of 20,000 inhabitants, with double benches of five retorts, but only one was mounted. The increased consumption of gas at the Raymond and Carleton has taxed the company to its utmost and this action is a necessity.

Hon. O. T. Hopkins is erecting a two-story brick building on the northwest corner of Fair Oaks and Union, fronting 25 feet on the former and running back 55 on the latter. It will be devoted entirely to offices—twelve in all. From the center of the building on Union street the entrance affords access to all the rooms on both floors, all rooms opening into hallways, and the upper story is supplied with a skylight. Particular attention has been given to light, ventilation and security from fire and burglar. Every room will be supplied with closet, fuel bin, water and gas. Over the rear door ropes and pulleys will be found for hoisting safes, heavy furniture, etc., the object being to furnish city accommodations to all tenants. A porter will be constantly in attendance to keep the entire premises clean. A cement walk 10 feet wide will be constructed on the street. The front offices on the first floor will be provided with fire and burglar proof vaults and occupied by Mr. Hopkins as a private bank.

The Western Union Telegraph Company, whose wires run all over the world, has at last built a line from Los Angeles here, and we are now in direct telegraphic communication with the rest of mankind, per Western Union Telegraph lighting. The railroad line will still be operated as no doubt, for the benefit of the public. Charles Sawtelle is the competent operator for the Western Union, and in company with Mrs. Sawtelle has opened for business today, with temporary quarters in the Ward block, Colorado street, a few doors west of the corner of Fair Oaks. Messages may now be sent to any part of the country at Los Angeles rates, and telegrams received will be delivered free within a reasonable distance. In connection with this agency, Mr. Sawtelle has been given the agency of the Wells, Fargo & Co. Express, with his office at the same place. It will be found a great accommodation to have the telegraph and express office centrally located and under one management, and our community may be congratulated upon the prospect of being so well served in respect of the business of these companies.

## SANTA BARBARA.

**The Zenith City's Steady and Healthy.**

[Santa Barbara Press, Jan. 25.]

There was quite a heavy frost this morning.

According to current reports negotiations are pending between Mr. S. F. East, of the Morris House property, and Mr. H. K. Bradbury for the purchase of the premises mentioned for a consideration of \$25,000.

One-eight of block 2, on the corner of Santa Barbara and Mission streets, was sold this morning for \$5000. The purchaser intends building at once. A little over two years ago the quarter of the block of which this eighth is a part, was bought for \$1500 and the price was regarded as high.

On the 12th of January the money in the county treasury, counted by the Auditor, chairman of the Board of Supervisors, and District Attorney, according to a provision of law, was \$146,226.39, in kinds as follows: Gold, \$68,575; silver, \$45,438; gold notes, \$5,000; certificates of State Controller, \$1,305.91; special deposit \$3. B. County National Bank, \$20,000; special deposit Bank of California, \$32,000.

Weather-wise people express themselves as confident there will yet be plenty of rain to insure good crops. Mr. Sam Lobner, of the Santa Barbara property, was sold this morning for \$5000. The purchaser intends building at once. A little over two years ago the quarter of the block of which this eighth is a part, was bought for \$1500 and the price was regarded as high.

visit to her sister, Mrs. Ned. Stafford, at Oakland.

It is estimated that there will be about 300 names on the printed delinquent tax list.

A glowing account of the Santa Barbara centennial by E. P. Roe has been published in a syndicate of Eastern papers.

The machinery for the oil well on Ortega ranch will be started tomorrow. This will be an interesting operation, to which the public is invited.

A telegram received yesterday from San Francisco announced the arrival of that city of the engine, boiler and machinery of the Electric Light Company from Cleveland, O. As the car did not leave Cleveland until January 12th, it shows that the road must have been pretty well cleared to give such rapid dispatch to this machinery. The telegram also conveyed the information that the 150-foot iron mast was on the car, and all would be shipped for this city on the next steamer, which will arrive here Sunday evening. This machinery has all been manufactured to order, especially for the Santa Barbara Electric Light Company, and by the best manufacturer in the United States. Everything is of the very best material, and first-class in every respect. The company now hope to be ready to start up by February 10th. Over 50 of the 75 lights have already been contracted for, and not a light will be left by the time the company is ready to start up—something especially encouraging. Additional electrical machines can, however, be added if necessary, as the company has a large reserve of power for such enterprises.

## SAN BERNARDINO.

**A Homicide Acquitted—Delay in Electric Lighting.**

[San Bernardino Times, Jan. 26.] John Nicholson was brought in from Daggett by Constable Medlin last night and held to answer on a charge of robbery. Tom Warden started for San Quentin this morning, having in charge Powers, who was sent up for four years on a charge of forgery.

Mrs. Dr. Condes has just completed an artesian well on her premises at the corner of Sixth and E streets, which gives out a volume of water sufficient to irrigate 10 acres, and is only 91 feet deep.

The case of The People vs. Sterling Wastan (the 19-year-old "swamp") charged with murder, was argued this morning and submitted to the jury this afternoon, after being closed twenty minutes, brought in a verdict of not guilty.

Somebody must have been impatient for the electric lights to blaze forth last evening. A light glared from the top of the mast at the corner of Third and C streets last night, but it radiated from a candle in a Japanese lantern which some impatient person had hung there.

In putting the dynamo together at the electric works, a screw piece, the following tools, was found to be missing, and it was necessary to telegraph to the shops at Chicago to get it replaced. In consequence, the masts were not lit as expected last night, but it will not be until the arrival of the missing part by express, which will be about Wednesday or Thursday next.

The Electric Light Company of San Bernardino have been organized, with the following officers: President, J. G. Burr; vice-president, O. T. Dyer, Riverside; secretary, Louis Kochat, treasurer Farmers' Exchange Bank, Capital, \$50,000, 500 shares at \$10 per share, all of which has been subscribed. Much of the success of the matter of organization is due to Mr. C. R. Loyd, the superintendent of the putting up of masts and works in this city.

## Ontario.

[Ontario Record, Jan. 26.] Many of the eucalyptus trees on Euclid avenue are in bloom and present a beautiful appearance.

Ontario Post, G. A. R., has changed its name to John A. Logan Post, out of respect to the memory of the late Gen. Logan.

Mr. J. B. Tays has completed his swimming bath on Thirteenth street. We do not know whether it is free to the public yet or not.

Our hotels are crowded; our mechanics are all busy; land sales are lively; and altogether Ontario seems to be enjoying a good very able speaker.

The many friends of W. B. Chaffey and family will be glad to hear of their safe arrival at Melbourne, Australia, after a very pleasant voyage. Mr. Chaffey left at once for the scene of their future colony operations.

J. Osborn has had a couple of "celestial" putting in a head ditch on his place on Eighteenth street, which, together with a sluice of a quarter of a mile lined on either side with palms and pampas plumes, will make one of the most attractive places in the colony.

The newly-organized Presbyterian church has elected the following officers: Trustees, J. McKerrrow, W. R. Corson, G. S. Barrett; elders, A. Holdridge, D. Nicoll, J. G. Bennett, Rev. Charles D. Merrill, of San Lorenzo, has accepted a call to the pastorate of the church, and will preach for the first time on February 6th. He is a brother of Rev. J. A. Merrill, of Etiwanda, and is said to be a very able speaker.

D. A. Shaw reports his sales of nursery stock for Monday of this week as follows: Apples, 1000; pears, 1000; prunes, 1050; oranges, 100; umbrellas, 10; miscellaneous, 50; which amounts to the sum of \$660.

**Court Notes.**

In the cases of Merrill Lodge vs. Ellisworth, before Judge Brunson, by stipulation the two actions were ordered consolidated. Evidence was taken and arguments set for January 31st.

Margareta Granello, who stabbed the Mexican in the saloon on Los Angeles street, pleaded not guilty in Judge Cheney's court. Pleadings of not guilty were entered in the same court by M. Chapo, Juan Mesas, Ben Lopez, John Lovett, George Chase and Thomas Owens.

Justice Austin will sentence A. N. Polymath, for attempted extortion, on the 31st. The Towbridge diamond robbery case was postponed until this afternoon at 3 o'clock.

In the same court, Ben Bradley, charged with battery, was discharged; and four youthful vags were sent to the Industrial School for two months each.

Justice Taney sent three vags to jail for 10 days.

## Lumber.

**OREGON LUMBER COMPANY.**

The Oregon Lumber Company have lately opened a splendid assortment of OREGON PINE AND CALIFORNIA REDWOOD LUMBER. Of every description at their new yard on DATE, CHAVEZ AND MISSION STS.

We have a fine stock of Laths, Pickets, Shingles and finishing lumber of a superior quality. We are also prepared to fill orders on short notice for building materials of every description.

Particular attention paid to orders for unusual lengths and dimensions. Orders solicited.

J. A. RUSS, Agent. J. A. HENDERSON, President. J. R. SMITH, Vice-President. W. F. MARSHALL, Sec.

**DAVIES-HENDERSON LUMBER COMPANY.** Dealers in LUMBER AND BUILDING MATERIAL. Los Angeles, Cal. YARD, 1001 First St.

**THE W. H. PERRY LUMBER AND MILL CO.'S LUMBER YARD AND PLANING MILLS.** Commercial Street.

## Real Estate.

## Piedmont Heights.

Piedmont is situated at Sierra Madre, 16 miles northeast of Los Angeles, about 14 miles north of Santa Anita Station, on the L.A. & S.G.V.R.R. and, as its name indicates, is at the foot of the mountains. It is a gently sloping ridge, facing the south about 30 rods in width, and has the

**MOST EVEN-TEMPERED CLIMATE IN SOUTHERN CALIFORNIA.**

There are 4 to 8° difference here in less than 10 rods. This is not owing to the altitude, but to the conformation of the mountain north of it. Persons with tender throats, weak lungs can here, to a great degree, escape the damp and chilly nights of the valley below and draughts of mountain cañons east and west.

These FACTS can be fully demonstrated by any one spending a night or two here during the cool seasons.

Sierra Madre has LESS FROST, POOR MUD-OR WIND STORMS.

Than any other place I know of. The view from Piedmont is as fine as one could wish for.

This place is above the Sierra Madre water system, and has an independent water right of its own, and will supply each resident lot with three times the water of any other lands in this vicinity.

There are only about 15 of these choice lots on the market, and happy will be the individual who gets one.

For particulars inquire of the owner on the premises.

There is a hotel on adjoining lot. Address, A. D. TRUSSELL, Sierra Madre, Cal.

January 17, 1887.

## FOR SALE.

**COUNTRY PROPERTY.** 50-80 acres of fine land, within 4½ miles of the city, between Compton and Hallona harbor, at \$100 per acre.

1-20 acres near Garden Grove, with fine arbutus well, sufficient to irrigate the whole tract; partly improved; a large number of bearing orange, apple, peach, apricot and other fruit trees; house of 5 rooms; a barn; \$2500.

1-20 acres near Garden Grove, with fine arbutus well, sufficient to irrigate the whole tract; partly improved; a large number of bearing orange, apple, peach, apricot and other fruit trees; house of 5 rooms; a barn; \$2500.

## PRICE OF THE ANNUALS.

The price of our Annual Trade Number of THE TIMES, containing twenty-six pages—more than a third sheet—is 10 cents per single copy; 6 copies, 50 cents; 12 copies, \$1; 50 copies, \$3; 100 copies, \$5. The price of the WEEKLY MIRROR, also issued January 1st, is the same. These papers are filled with valuable matter, good all the year through.

The postage on the daily or weekly trade copies is two cents.

AN aggrieved correspondent makes another grab for Postmaster-General Vilas's scalp.

THE report that a man has been frozen to death in the Northern Circuit Belt is pronounced a canard.

SENATOR STANFORD thinks that Carpenter would make a good member of the Inter-State Commerce Commission.

THE Yaqui war has been ended by the capture of Cajeme, who is said, however, to have named his own terms.

THE amount of railroad building now in progress in Southern California affords a daily budget of interesting news.

THE San Francisco Alta quotes the well-known old Scotch proverb this way: "Many a little makes a mickle." What then does Granny expect to do with the "mickle"?

THE two great rival lines are working hard to scoop each other on the orange trade of Southern California. Instead of venerable box-cars, the best Tiffany cars are now proffered our shippers.

THERE were six real-estate sales, of \$10,000 or over each, recorded yesterday. The aggregate of the six was \$87,000, and the day was a heavy one besides. It doesn't look as though the bottom was dropping out to any alarming extent.

"IDaho," says the San Francisco Examiner, "boasts of having as a resident the brother-in-law of the late Czar, who escaped from Siberia. The gentleman is accredited with having recently visited San Francisco and gone on a racket with the boys."

THE Tucson Daily Citizen entered upon its twentieth volume and the Weekly Citizen upon its seventeenth volume on the 17th of this month. The weekly made its debut October 15th, 1870. The paper has had a good many streaks of hard luck, but has held its own as the leading paper of the Territory.

THE Tribune has failed within the last few days to get most of the important telegraphic news. It didn't hear about the Inter-State Commerce Bill, the \$150,000 appropriation for the Los Angeles postoffice, the cholera epidemic in South America, the defeat of woman suffrage in Congress, nor much of anything else.

THERE is mourning among the landlords of Florida. The winter crop of tourists has failed, and the hotels of the interior are almost empty. This lamentable state of affairs is attributed to the diversion of winter travel to California. A reduction of fares on the railroads is suggested as one means of meeting the emergency.

"Why," asks the San Francisco Bulletin, apparently more in sorrow than in anger—"why is San Francisco treated as if it were a mere military post on the borders of the country, rather than a great city which has outgrown all the Federal provision made in pioneer days?" The reason of this dolefulness is that Los Angeles has secured an appropriation of \$150,000 for a government building, while San Francisco's long-sought *douceur* of \$300,000 for a like purpose is likely to go by the board. "Was not ever thus."

## Hard to Kick Against the Pricks.

The Herald of yesterday comes back to the discussion of Lynch's contest for a seat in Congress, but, with rare good taste, it avoids any mention of the gerrymandering charge. Of course it does not wish to incite Mr. Lynch any further than it has unwittingly done already, and, in this light, its silence is golden.

As to the irregular affidavits, it says: The Democratic deputies were appointed by Mr. Bilderrain, the Assessor, as the law authorizes. After they had gathered a large number of names supported by proper affidavits, the lynx-eyed Republican managers discovered a technical flaw in the qualifications of these deputies, and required them to qualify before the County Clerk, they having already qualified before the County Assessor. On this flimsy pretext, and at the last hour, the legality of their work was discredited and declared void.

We feel confident that our contemporary has been led by the ardor of self-interest into making a couple of assertions which it cannot substantiate. The questionable points we have taken the liberty of italicizing in the above extract.

First, The Superior Court (Judge Brunson), in passing upon the application for mandamus in this case, decided that these were not proper affidavits. To quote the exact language of the decision:

"The act of administering an oath, without the legal authority to do so, leaves the matter as though no oath had been administered. The purported affidavit is, in law, no affidavit."

In view of this decision, the Herald displays some hardihood in asserting that the lists were supported by proper affidavits.

Secondly, The so-called Democratic deputies had not already qualified before the County Assessor, because the law makes no provision for such qualification. Section 61 of the County Government Bill, which was quoted by THE TIMES the other day, says:

"Such appointment must be made in writing, and filed in the office of the County Clerk; and until such appointment is so made and filed, and until such deputy shall have taken the oath of office, no one shall be or act as such deputy."

As the deputies in question had not filed their appointments in the office of the County Clerk before commencing their canvass, they had not properly qualified, and the law specially prohibits them from officiating under such circumstances. The court so decided.

The Herald makes the further charge that, "on this flimsy pretext, and at the last hour, the legality of their work was discredited and declared void." It has remained for the fair-minded Herald to declare a plain provision of the law "a flimsy pretext." That the lists were rejected at the last hour was due entirely to the fact that they were offered at the last hour. Had they been presented sooner, they would have been rejected sooner. In the very nature of chronology, they could not be rejected until they had been offered.

In the decision above referred to the Court held that "Under such a state of facts the law says the Clerk must not enter the name on the Great Register." If County Clerk Dunsmoor had entered the names thus irregularly offered him at the last hour, he would have been guilty of a plain dereliction of duty; in other words, he would have violated his oath of office.

Seriously, would it not be wise for the Herald to drop this appeal to a case already decided on the clearest provisions of the law and find some other hook to hang its contest upon?

## Public Parks.

We have already said much on the subject of city parks for Los Angeles; nevertheless it is a matter of such vital importance to the people at large that it should not be lost sight of for a moment. As a result of our importunity, the City Council, some months ago, dedicated some wasteland in the northern part of the pueblo, known as Quarry Hill, to such use, and named it Elysian Park. This was a good move, so far as it went, and in the right direction, but it fell far short of the public requirements. The land was dedicated by proper ordinance, but nothing further seems to have been done to make it the attractive resort originally contemplated. The name, Elysian, implies much of beauty and blessedness, but has anything been done to harmonize the locality with the name? It is true that the Council, at the time of declaring it a park, voted \$200 toward planting eucalyptus trees in it, but it is doubtful about much benefit coming from that paltry appropriation. There seems to be nobody whose special business it is to look after these things, and as a consequence they are neglected. Public parks are not valued in Los Angeles as they are in all other enlightened countries.

At the present rate of growth, this will soon be one of the large cities of the land, second only to San Francisco on the Pacific coast, and not a bad second at that, except in the matter of parks. There ought to have been, within our pueblo limits, thousands of acres devoted to the use of the public, but, by some neglect, little short of criminal, this vast patrimony of the people, leagues in extent, has been wasted, given away, in fact, and this flourishing city is now almost destitute of public parks.

A bill has been introduced in the Legislature, now in session at Sacramento, looking toward the establishment and the improvement of city parks. Should it pass, which all good citizens should pray for, no time ought to be lost in correcting, so far as it can be done, the oversight of our early city authorities in this regard. Beautiful parks are the most attractive feature of all modern cities, and a city which is

capable of being made the most charming of any on earth ought not to be without them.

## An Inspector of Buildings Required.

Not long ago THE TIMES called attention to the necessity of a system regulating the erection of buildings in Los Angeles, and suggested that it would be wise to require the issuance of an official permit in each case. In this way, and in this way only, can full data of the erection of buildings be secured. The system would also prove a safeguard against proposed infringements of the fire ordinance, and in other ways might conduce to the safety and welfare of the public. Such permits are required in nearly all well-regulated cities.

The details of this system are generally delegated to an officer called an Inspector of Buildings. It is his duty to pass upon applications for building permits and issue the same when it is proper to do so, keeping a record of all permits granted. It is also his duty to inspect buildings already standing and those in process of erection, to see that no "man-traps" are allowed. Should a house improperly built, partially destroyed by fire, or in course of dissolution from the tooth of time, be dangerous to its occupants or to passers-by, he can condemn it and have it reconstructed, strengthened or torn down. He is also required to inspect churches, halls, theaters and other places of assembly, and see that they are provided with ample exits and with proper safeguards against fire.

An officer with such powers and duties could accomplish a world of good in Los Angeles now, and might set his seal of security on many edifices yet to be built in this hurrying, bustling, booming metropolis. A general fault with people who want to build in a hurry is that they do not pay enough attention to stability and security. There should be an inspector to oblige them to do it. It is possible, also, that some of the public halls in Los Angeles might prove to be yawning caverns for human victims, and only awaiting a fire to provide a holocaust.

While the matter of a city charter is in the hands of our representatives at Sacramento, would it not be wise for them to insert a clause providing for an Inspector of Buildings, and defining his duties?

## Brierly's Irrigation Bill.

The San Francisco Chronicle gives unqualified commendation to Representative Brierly's Irrigation Bill, introduced in the Assembly last Monday, saying:

"We have always urged the point that any legislation founded upon incomplete data would only make confusion worse confounded, and that the present Legislature would do its whole duty in this regard if it would provide for a commission of investigation to formulate an effective and comprehensive general scheme of irrigation, by which the available water supply of the State might be utilized to the best advantage."

The Chronicle specially favors the report of the proposed Irrigation Commission to the Governor in 1888, but suggests that the report be made before October, if possible, in order that it may be circulated during the campaign and form a feature in the Legislative nominations and elections of that year, naively adding: "There will be no Governor to elect in November, 1888, and no Senator to elect in 1889, so we ought to get a Legislature which will pay attention to the needs of this State, and to secure such an end the irrigation question should be fully and freely discussed on every stump and at every political meeting."

## The Coleman Boom.

The Presidential boom which the New York Sun started for Wm. T. Coleman, of California, a few days ago, was a big rock of surprise plumped into the middle of the pond of possibility. Wm. T. Coleman is known in this State as he is throughout the Union as a pioneer, who cut a big figure in the early days but who, unlike the great majority of pioneers, has neither "gone dead" nor lost his grip. He is one of the foremost merchants of the State, and a man who has achieved prominence in numerous walks of life, but not in politics. What could have suggested him to the New York Sun for a Presidential candidate is hard to divine. It is probable that the Coleman boom, like the late lamented G. Washington Child's boom, will vanish with a move of the hand, a bow and a letter of regrets.

THE Atlanta Daily Capitol, a paper which has championed the Prohibition policy, declares that prohibition is a dead failure in Atlanta. The law has failed, it appears, into the hands of an unfriendly city council, with whose connivance numerous wine rooms have been opened. The Capitol says that saloons are getting more numerous than ever. If the facts are as alleged, they furnish a fresh illustration of the truth that restrictive or prohibitory liquor legislation rests back upon local authority and sentiment for its enforcement.

AN exchange reports a remarkable boycott at Galveston. A female compositor of that city, a member of the Printers' Union, married a non-union compositor and then tried to get him to join the order. He refused, and the Union voted a boycott, in which the wife participated, having left her husband and began proceedings for a divorce.

THE Ventura Free Press of the 18th says: "Graders are at work today on Capt. Blackburn's place, 6 miles from town. The Captain informs us that nearly 1000 men are at work there, extending entirely across his ranch."

## SOME SPECIALS.

## What They Say Up North About Los Angeles.

Patti Compelled Through Sickness to Break an Engagement.

The Climate of the Northern Belt Too Harsh for the Singer.

Secretary Whitney Coming to the Coast in Behalf of Uncle Sam's Navy—Somebody's Blunder Causes a Smash-up on the Alhambra Railroad.

By Telegraph to The Times.

SAN FRANCISCO, Jan. 27.—[Special.] The Bulletin this evening publishes a long communication from a gentleman, just returned from the southern part of the State, and relating what he observed during his stay in Los Angeles. One portion of it is especially interesting. He says: "Twenty-one Pullman cars, full of first-class passengers, were seen by me to come into Los Angeles, one day, the train being in three sections of seven sleepers each." He had heard of such things, but did not believe it until he saw it. Next day he saw the sleepers going back East with hardly any one in them except the colored porters. They were going back after more passengers. One day there were encountered in Los Angeles eight San Francisco representatives of the Iowa and trunk-line railroads, whose tracks lie between the Missouri River and New York. The question with the railroad men was, partly, what would be done with the return tickets which the Eastern people had; also, and not less interesting, "who would be able to get the traffic from the new Californians who have lived in Southern California two or three years, and who are thinking of going back for a visit in the spring." Each year this becomes a more interesting question. It struck the informant as odd to see long lines of people, evidently strangers in Los Angeles, waiting to be served at the postoffice windows and kept in place by policemen. It was also not a little odd to see what a number of new arrivals there were at the Raymond Hotel, who took great glee in comparing the climatic conditions they were enjoying with those recorded in the newspapers sent them daily from their home localities. Sitting in the sun, in their light clothing, they were tilting back and saying: "Twenty degrees below at St. Paul," "terrible gale at Philadelphia," "not much like California," and so on. R.

## PATTI.

The Songstress Obligated to Disappoint an Audience.

SAN FRANCISCO, Jan. 27.—[Special.] For the first time in her career Patti is unable to keep her engagements to the public. The fearfully cold weather which prevails here is the cause, and Patti is confined to her room with one of the worst colds she has ever experienced. She caught it on the stage at the Grand Opera House on Monday night last, and the north wind which has been blowing yesterday and today has increased it. The concert which was announced for this evening has been postponed till Monday next.

## WHITNEY COMING.

The Secretary of the Navy to Visit the Coast.

SAN FRANCISCO, Jan. 27.—[Special.] Private dispatches state that Secretary of the Navy Whitney intends visiting the coast next May. One object of the visit is to make a personal inspection of the Union Iron Works, to which the contract for building the Charleston, one of the new cruisers, was awarded.

## A SMASH-UP.

A Passenger Train Dashes Into a Freight near Las Vegas.

ALBUQUERQUE (N. M.), Jan. 27.—[Special.] A rear end collision occurred at 6 o'clock this morning near Las Vegas on the Atchison, Topeka and Santa Fe Railroad, the east-bound Kansas City express running into an unprotected freight train. Murphy, the engineer, was seriously and perhaps fatally shaken up, but sustained no injuries. The accident was caused by the trainmen of the freight falling to protect the rear end with a flagman while the freight was standing on the main track on the passenger train's line.

SANTA FE (N. M.), Jan. 27.—[By the Associated Press.] There was an accident on the Santa Fe Railroad this morning, seven miles south of Wallace, N. M. It seems that a freight train composed of eight cars broke in two about 19 miles north of where the accident occurred, and the rear five cars went back down the grade at a fearful velocity. The north-bound express was rolling along at a speed of 35 miles an hour, and around a short curve struck the five cars with terrific force, lifting the caboose and carrying it clear through the engine and the former was badly injured. The conductor of the freight train, in the caboose asleep, was thrown through the roof and escaped without a scratch. No others were injured seriously, although all the passengers were terribly shaken up and frightened. Their escape was miraculous.

## TRIFLES OF THE TIMES.

We are beginning to doubt that "economy is wealth." At least we have a good deal of economy plied away which we would like to exchange for a little wealth. —[Philadelphia Call.]

A correspondent would like to know why the United States Navy names its ships after fish, such as the Dolphin. We suppose it is because they go to the bottom so easily. —[Puck.]

Mr. Dusenberry—Now just look at those flames! If anything will shrink more from washing I'd like to know what it is. Mr. Dusenberry—A boy will, my dear. —[Philadelphia Call.]

The Post speaks of "that portion of the male public which cannot shave itself." Is there—perish the thought!—some portion of the female public which shaves itself, or is shaved? —[New York World.]

A French physician is going to sell a number of deformed skeletons. They will probably be bought up by some firm who desires some figure to model fashionable corsets on. —[New Haven News.]

A writer has just published a book entitled "The Habits of the Hog." We have not read it, but trust he mentions that very common habit of occupying two seats in a railroad car. —[New Haven News.]

## NATIONAL NOTES.

The River and Harbor Bill Passed by the House.

WASHINGTON, Jan. 27.—[By the Associated Press.] In the House today the Speaker announced unfinished business to be the River and Harbor Bill. The bill was passed—yeas, 154; nays, 94—in the exact form in which it was reported from the Committee on Rivers and Harbors.

AN OFFICE FOR SOME ONE. It is probable that the Republicans of the California delegation will soon hold a meeting to decide whom to recommend for a place on the Inter-State Commerce Commission. Senator Stanford said that he thought Carpenter would make a good commissioner, because of his knowledge of railroad business.

THE Senate passed the Dependent Soldiers' bill without division. Subsequently Mr. Hoar moved to reconsider the vote by which the bill was passed, and a message was sent to the House requesting a return of the bill. The object of the motion is understood to be a correction of some defect.

SOME APPROPRIATIONS. In the Sundry Appropriation Bill reported today the estimates amounted to \$31,540,882. The House bill appropriated \$19,733,411. The Senate Committee has increased the amount to \$23,693,856. Thus the bill, as reported, is \$3,847,006 below the estimates and \$3,945 in excess of the act of 1886.

WELCOME NEWS TO FARMERS. The Senate today resumed consideration of the Agricultural Experiment Station Bill. Mr. Edmunds offered an amendment that nothing in the act shall be construed as binding the United States to continue this appropriation, but that Congress may, at any time, suspend or repeal all or any of the provisions of the act. This was agreed to. The bill was then passed without division.

THE POSTAL TELEGRAPH BILL. In the Senate today Mr. Williams of California, from the Committee on Postoffices, reported back the bill to provide for the establishment of a postal telegraph system.

Henry Gorman was today appointed postmaster at Gorman, Los Angeles county. The President's reception to Congress and the Judiciary, the second this season, took place at the White House tonight.

## STATE CAPITAL NOTES.

The Leak in the State Library's Cash Explained.

SACRAMENTO, Jan. 27.—[By the Associated Press.] State Librarian Wallis recently noticed that the private drawers in the library had been broken into and \$240 abstracted. Suspicion at once fell upon Willie Merkindollar, brother of the janitor of the library, and this morning he was arrested. One hundred and sixty-nine dollars of the stolen money was found upon his person. He will be sent to the Reform School.

AN EARLY BIRD. A petition is being circulated among members of the Legislature recommending W. W. Foote for commissioner under the Inter-State Commerce Bill.

REPORTED FAVORABLY. At a meeting this morning of the Senate Committee on Capital and Labor, it was decided to report favorably upon the bill providing for stamping all manufactured goods with the character of the labor employed in their production.

## LEGISLATIVE PROCEEDINGS.

Senate.

SACRAMENTO, Jan. 27.—[By the Associated Press.] The Senate met at 11 o'clock. Mr. Steele introduced a constitutional amendment providing for the election of Senators and Assemblymen at large, and making the terms of both branches of the Legislature two years.

Mr. Gosford's bill increasing the number of notaries public was also finally passed. It fixes the notaries in Alameda, Los Angeles, Santa Clara, Sacramento, San Joaquin, San Francisco, San Diego and San Bernardino, at 50 each; in Sonoma, Nevada, Fresno and Tulare, at 35 each; in Amador, Butte, Calaveras, Colusa, Contra Costa, Eldorado, Yuba, Humboldt, Mendocino, Placer, Solano, Stanislaus, Tuolumne, Yolo, Yuba, Merced, Monterey, San Luis Obispo, Santa Barbara, Santa Cruz and Kern, at 40 each; all other counties, at 30 each.

Assembly.

SACRAMENTO, Jan. 27.—In the Assembly the Viticulture Committee reported favorably on the bill to prevent sophistication and adulteration of wines.

The committee on Swamp and Overflowed Lands brought in the bill to abolish the office of State Engineer, with a favorable report. An effort was made to refer it to the Committee on Irrigation. The bill was finally referred with instructions to report within a week.

## FLOODS.

Inundations Caused by Ice-gorges in the Susquehanna.

PORT DEPOSIT (Md.), Jan. 27.—[By the Associated Press.] The ice in the Susquehanna, north of Port Deposit, began breaking up at 2:30 yesterday afternoon, and piling up on the opposite side of this place, which forced the water back upon the town in a frightful manner. In 30 minutes the water had attained a depth of 5 to 6 feet in Main street, and, running with a swift current, carried with it ice, fences, lumber and debris generally. Residences on the lower side of Main street were flooded with from 3 to 5 feet of water on the first floors. Not more than three or four families living on that side remained in their houses last night. An unsuccessful attempt was made to break the ice-gorge with dynamite, but, after some hours of hard work, the scheme was abandoned. Reports from up the river are that heavy ice is coming down in immense quantities.

## Fire at Napa.

NAPA, Jan. 27.—Fire this morning destroyed F. Barro's grain warehouse and contents of hay and grain. The loss is \$900; insurance, \$5000. The blacksmith shop of L. Fowler, adjoining, was also burned. Loss, \$1500; no insurance. The Palace Hotel stable was damaged about \$500.

Given Up for Lost. GLOUCESTER, Jan. 27.—The schooner Carthage sailed from this port on December 1st on a voyage to the Georges, and since that time nothing has been heard from her. Today her owner gave her up as lost. She was commanded by Capt. Andrew Nelson and had a crew of 10 men.

## Frozen to Death.

TRINITY CENTER, Jan. 27.—John Slaughter, aged 23, a resident of Etna, left California on Tuesday, on foot for this place. Yesterday he was found by a mail carrier frozen to death in the snow on Scott Mountain, 19 miles north of this place.

## Short in His Accounts.

SACRAMENTO, Jan. 27.—It has been discovered that there is a shortage of \$1400 in the accounts of Charles S. Smith, the mislaid book-keeper of Baker & Hamilton. He had been overhauling his accounts and substituting tags for cash.

## PACIFIC COAST.

## Ending of Sacramento's Sensational Trial.

Feany Weisel Acquitted of the Murder of Jacob Klein.

The Southern Pacific Fighting for Its Land Grants.

The Usual Daily Murder in San Francisco—A Magnificent Showing of What the Golden State Added to the World's Wealth Last Year.

By Telegraph to The Times.

SACRAMENTO, Jan. 27.—[By the Associated Press.] Argument in the case of Feany Weisel, who has been on trial here for two weeks, on the charge of murder, for having killed Jacob Klein in June last, was concluded this afternoon, and the case went to the jury. The jury retired, and, in less than an hour, returned a verdict of not guilty, on the ground that defendant was insane when she did the killing. The verdict was loudly applauded by the spectators, who crowded the courtroom. The jury presented Miss Weisel with a statement that they were of the opinion that she was a virtuous girl up to February 8, 1886, the date on which she claims to have been assaulted by the man she afterward killed.

## RAILWAY GRANTS.

The Southern Pacific Will Contest the Land Office's Rulings.

SAN FRANCISCO, Jan. 27.—[By the Associated Press.] The Southern Pacific Railroad Company is about to dispute the rulings of the United States Land Office in regard to its not having a right to preclude the occupation of public lands by actual settlers. The company intends to reserve, without conditions, the whole territory originally granted on both sides of line of road, and will join issue, upon its right to do so, with the Land Office. The Land Office officials explain the situation as follows: Grants of public land to railroad companies are, in general terms, of the old sections within 30 miles on either side of the line of road, as laid down on maps accompanying the grant; then, as it may have happened that settlers have taken up such old sections prior to the filing of the grant, an extension of 10 miles outside of the 30-mile limit is put within its operation, within which the railroad company may locate sections of indemnity lands corresponding with those occupied by the settlers afore-said. The first is called the 30-mile limit and the second the 40-mile limit. Up to the present time it has been the practice of the Land Office to allow filings and entries by actual settlers for old sections within the 30-mile limit and outside of the 30-mile limit in all cases where the railroad company, the beneficiary of the grant, has not indicated its choice of such sections as indemnity lands. This is upon the principle that the company should use reasonable diligence in making such selections, and that its failure to do so should not preclude occupation of public lands by actual settlers within this 10-mile extension. The Land Office understands that the Southern Pacific takes the ground that the whole territory (the 40-mile extension) is absolutely reserved from settlement, and proposes to carry the question into the courts.

## BUDGET FROM THE BAY.

A Madman Uses His Revolver with Probably Fatal Effect.

SAN FRANCISCO, Jan. 27.—[By the Associated Press.] George F. Stein, a shoe-maker, was eating lunch this afternoon in a restaurant on Washington street, when a man entered the place, drew a revolver, and shot Stein in the small of the back, inflicting a wound, possibly fatal. The assailant was arrested, and proved to be Peter Sohn, of Tracy, San Joaquin county, who has been here two weeks. Sohn is thought to be demented. As far as can be learned, there was no provocation for the shooting. It is not known that he ever saw Stein before. He says the (assault) conspiracy to kill him, and that Stein is one of the conspirators.

A BOY STABBED BY A PLAYMATE.

Robert Doeffer, aged 16, was accidentally stabbed this afternoon by James Harney, who is a year older. The boys were engaged in conversation on the street. Harney held a paper-knife in his hand, which he used to stab Doeffer in the back. Doeffer fell back against the blade. The wound is believed to be fatal. Both boys agree in stating that the stabbing was purely accidental. Harney is under arrest.

A WATER FRONT MURDER.

Luke Curry, who was shot last evening in an affray on the water front, died this afternoon. Accounts are varied in regard to what led to the shooting, but it appears that Curry and two other men, named "Ilay" Hertz and Bartley Flynn, became involved in a fight, during which one of them drew a pistol which, during the struggle, Curry fired and inflicted the wound that caused Curry's death

## OUR NEIGHBORS.

**Anaheim.**  
THE RAILROAD SITUATION.—(Correspondence of THE TIMES.) The boom, which had its inception a few weeks ago, shows no sign of abatement. Prices of town lots and property generally stiffen from day to day, and purchasers by making profits on quick turns are eager for further speculation.

Extensive preparations are being made for the reception of visitors who are expected on the grand excursion train from Los Angeles on Saturday next. [Postponed till Thursday—Ed. TIMES.] A committee of ladies is engaged in the preparation of an elaborate luncheon, which is to be free to all.

Four carloads of iron rails for the street-car railroad arrived on Wednesday, and are already strewn along the whole length of Center street. Only about one-half of the ties necessary for the road have arrived, thus delaying the laying of the track. Substantial and handsomely ornamented cars have been completed, and await the building of the road immediately upon the arrival of the balance of the material.

An incorporation called "The Anaheim Building and Improvement Society" has been formed which will at once commence the erection of residence buildings for sale or to rent. Sufficient of the capital stock has already been subscribed to insure the success of the undertaking. Chief Engineer Ferris of the California Southern Company was in town last week to confer with citizens relative to right of way through town and the location of depot grounds. Grading for the Riverside and Los Angeles Railroad still continues along the Anaheim irrigating ditch in the Yuma district. On Wednesday a long string of heavy freight wagons loaded with men and implements from Ontario, where they had been engaged in grading the Los Angeles and San Bernardino Railroad, passed through town en route to the San Juan Capistrano Cañon, where efforts are being made to secure important vantage ground against the Southern Pacific's San Diego extension. The removal of the old ditches to the new farm 3 miles north of town has been completed.

Ey & Groat's barber shop was burglarized on Monday night and a quantity of razors and other barber's material stolen. A company of amateurs gave a very successful minstrel performance in Kruger's Hall on Monday evening before a large audience.

At the Anaheim oil wells work is progressing with promising outlook. One well is now down 880 feet and producing about three barrels of oil per day. Large quantities of asphaltum are being mined, the wells melted into blocks and shipped to Los Angeles for the manufacture of pavements.

A large force of men in the employ of the Los Angeles bureau, is engaged in grading new streets, building sidewalks and planting ornamental trees on the tracts of land proposed to be sold at auction on Saturday next.

Among the needs of Anaheim is a well-kept restaurant. A good place is open for a profitable business to the right man.

## Orange.

**Orange.**  
NEWS AND NOTES.  
ORANGE, Jan. 27. [Correspondence of THE TIMES.] The irrigating ditches are brim full of water, and all is being used.

The new Palmyra Hotel is nearly complete, and will be furnished immediately.

Pears, plums and saucer peaches are already blooming.

Mr. Tiffany, of Dakota, is spending a few days with his friend, Mr. Culver.

Mr. Lacy, who spent some months at Orange, two or three years ago, has returned, and likes this valley better than ever.

Several more street lamps have been put up on Glassell street, which now extend as far south as the new hotel.

A party of excursionists from the East, under the superintendence of Dr. Sieber, are expected in Orange about the 1st of next month.

The Modena school has reopened with a new teacher, as Miss Pinkham was not able, for the present, to resume her duties there.

The W. C. T. U. will hold its next regular session, Wednesday, the 24th, at the residence of Mrs. Harper, of Modena.

Arthur West, of McPherson, has been experimenting on scale bugs with the remedy—thin flour paste—and many are watching for results. One thing is certain, it will not injure the tree, but leaves it very bright and beautiful, and the expense, except for labor, amounts to nothing.

## LETTERS FROM THE PEOPLE.

[This is the TIMES-MIRROR'S Public Forum. Those who would stand thereon must first give the Editor their real names and be responsible for their opinions and statements. Cultivate brevity, clearness of style and timeliness; write plainly and on live topics, and use one side of the sheet only.]

**THE WAY IT WORKS.**  
LOS ANGELES, Jan. 27, 1887.—[To the Editor of THE TIMES.] I arrived in this lovely city January 11th. Found permanent quarters by the 15th and directed all my letters, etc., sent to my street number. But knowing how crowded the postoffice employees are, I called nearly every other day at the general delivery for letters. Last evening I received a letter that was mailed to me January 12th and reached Los Angeles January 14th. The letter made an appointment for me to be at Fresno January 23d, where friends would meet me and had driven 70 miles inland. Not receiving the letter till the evening of January 20th, it made it inconvenient for me to reach Fresno January 23d to greet my friends who had driven 70 miles to meet me. This is only one out of a thousand or more similar instances of the beauties of our Vilas management of affairs in this growing town. And the people cry "How long, Lord, how long?"

**"INDIGNANT AND UNHAPPY CITIZEN."**  
Free Lectures.  
Rev. Dr. E. Schreiber will deliver his second lecture on the "Influence of Judaism Upon the Protestant Reformation" in English in the synagogue at 7:30. Subject: "The Dominicans and Johannes Pfefferkorn."

## COUNTY SCHOOLS.

APPORTIONMENT OF MONIES  
AMONG THE DISTRICTS.

County Superintendent of Schools  
Seaman Gives His Able Array of  
Figures on the Distribution of  
School Funds.

The following is the second quarterly apportionment of the school funds. It is made in accordance with section 1858 of the school law. To each district one teacher is assigned for every 70 census children and fractions thereof equal to 30, and the sum of \$217 is apportioned to each teacher so assigned. This money is derived from the county taxes, and is known as the county school fund:

Districts.	No. Teachers.	Am't.

W. W. SEAMAN, County Supt.  
Los Angeles, Jan. 27, 1887.

## BRIEFS.

Petty thefts continue very numerous.  
The Santa Rosa sails north tomorrow.  
A boom is on the taps in the Julian mining district.

The Anaheim excursion has been postponed till next Thursday.

The Sons of St. George will give a social entertainment at I. O. G. T. Hall, this evening.

Main street is becoming rapidly filled up with railroad agencies and immigration agencies.

Stanton Relief Corps, No. 16, will meet Saturday, January 30th, at 2:30, at the usual place of meeting.

The Hebrew Ladies' Aid Society will give a social entertainment at Odd Fellows' Hall on Saturday evening.

Marriage licenses were issued yesterday to G. J. Griffith and M. A. C. Mesmer and J. J. Machado and M. Cota.

A reception will be tendered Rev. Mr. Bristol, assistant pastor of the First Baptist Church, and his wife this evening at the parlors of the church.

A noticeable picture entitled, "New Year in Chinatown," by F. Shafer, is shown in a Spring street art window. It is a night scene from the plaza.

As THE TIMES predicted yesterday, its initiative contemporaries are just beginning to run Topolobampo. THE TIMES has kept its readers fully posted for three months.

The steamers Santa Rosa, Queen of the Pacific, Los Angeles and Eureka will perform the passenger service on the coast for the next four months. Time table will be published tomorrow.

A pleasant social was given at the residence of Mr. and Mrs. M. A. Mendelson, 340 Hill street, on Wednesday evening, the occasion being the formal announcement of the engagement of their daughter Hattie to Henry Schlesinger.

Articles of incorporation of the Voshur Water Company were filed yesterday. The principal place of business will be at San Gabriel. The capital stock has been placed at \$50,000, divided into 400 shares, at \$100 per share. The entire amount has been subscribed.

## Maybe.

[Santa Barbara Press.]  
It may be that the rainless spell Southern California is perforce enjoying is the best that could happen. All these southern counties are swarming with tourists, who, thanks to the beautiful weather, are enabled to travel about and see the country at its best. Millions of dollars have this month been invested and many new homes settled that would not have been had rain been constant or even the usual January showers prevailed. This year the "glorious climate" is on exhibition, and nature means to wear no frowns.

## Medical.

## SPECIAL NOTICE

## TO THE AFFLICTED.

DR. M. HILTON WILLIAMS  
Continues to treat all the various diseases of the Head, Throat and Chest, including the Eye, Ear and Heart, by his new and complete system of Medicated Inhalations, combined with proper constitutional remedies for the Stomach, Liver and Blood, etc. Probably there has never been any system of practice so popular as one that has so completely revolutionized the system of medical practice as the Anson or Inhalation System, for head, throat or lung affections. The cures effected are simply marvelous, and can be substantiated by the very best citizens of Los Angeles. During the past three years we have endeavored to be conscientious with our patients, and if, upon examination, we find, in our judgment, the case to be of an incurable nature, we unhesitatingly inform the patient or friends. We believe this system to be justifiable and are ready to condemn any physician who would do otherwise. Below we give a sample of the cures effected by us.

Los Angeles (Cal.), Sept. 24, 1886.  
Dr. M. Hilton Williams—Dear Sir: I have been contemplating for some time past making a statement of my case and the benefit I have derived from your treatment, remembering how glad I would have been could I have seen something of the kind from a person in the city to whom I could have referred, when I first came to Los Angeles from my home in New York State. I had been suffering for several years with what various physicians in the East pronounced "chronic ulcerated laryngitis." I spent considerable time at the Clifton Sanatorium, and employed the best medical skill I could find, all without any permanent benefit, and a last resort, our family physician recommended Los Angeles. For a time I improved, and then I began to go backward and all my former symptoms returned.

Through a medical friend I was induced to try your treatment, which I did August 28, 1886. I became very much discouraged and knew of nothing else to turn to. My throat trouble, being aggravated by a serious stomach difficulty, made it very obstinate to deal with, but at last, after persevering for a time with the use of your remedies, I consider I am permanently cured. If this will be of any value to you, you are at perfect liberty to use it; also to refer any one to my mother, my husband or myself. Very truly yours, Miss J. D. WILSON, 821 Olive street, Los Angeles, Cal.

To the many testimonials won by Dr. Williams I give me pleasure to add my own to the list so largely in his favor. For nearly two years I had been suffering from throat and lung trouble, brought on by catarrh. Had tried many remedies in the meantime, but found only temporary relief. After two months' treatment, prescribed by Dr. Williams, my cough and stomach trouble, and I now have no pain in my throat or lungs as formerly. I cannot speak too highly of the benefits I have received, and shall ever be grateful to one who is worthy of the highest recommendation.

NEWARK (Cal.), Sept. 22, 1886.  
Dr. Williams—Dear Sir: I write to tell you how much I thank you for what you have done for me. My catarrh and deafness, which have been a burden to me for so long a time, are entirely cured, and my general health so much improved that I feel like a different person. Thanking you again for your many deeds of kindness, I am respectfully yours, Miss ANNIE RICHARDS, Los Angeles (Cal.), Dec. 4, 1886.

Dr. M. Hilton Williams—Dear Sir: I desire to believe every man, woman and child know that you were instrumental in saving my life from that foul destroyer, consumption. I came to Los Angeles from Quincy, Ill., on the 10th of June, 1886. The very next day I began treatment. I was at that time afflicted with a large cavity in the upper lobe of the right lung, from which I had suffered over seven years, but, thank God, you cured me in 16 weeks' time, and now I am as well and strong as ever. I tell it to all. Yours truly, JAMES JESSOP, Quincy, Ill. P. S.—I go home tomorrow.

Persons desiring treatment by this system of practice can use the remedies at home as well as at our office, and which will cause no inconvenience or hindrance to business what ever.

I have seen so many of these cases cured that I do not consider any case hopeless unless both lungs are seriously involved. Even then the inhalations aid us in dissolving out mucus and in contracting and healing the cavities, which nothing else can do with the same success. The very best references from those already cured.

CONSULTATION FREE.

Those who desire to consult with me in regard to their cases had better call at the office for consultation and examination, but, if impossible to do so, can write for a copy of my Medical Treatise, containing a list of questions. Address

M. HILTON WILLIAMS, M.D.,

## Real Estate.

## OCEAN VIEW AVE.

—WILL SOME DAY BE—

## One of the Aristocratic Driveways

—OF LOS ANGELES.—

It crosses the entire NOB HILL TRACT, and only four lots remain unsold on this avenue. Within the past six weeks \$30,000 worth of lots have been sold in the NOB HILL TRACT, and those who want to share in the certain advance now coming should buy at once.

The streets have been graded. Water is piped across the NOB HILL TRACT, and work will be commenced early next month on Kirkwood College.

The NOB HILL TRACT lots are only six minutes' walk from the Belmont Hotel, and the new motor road will pass within one block.

For full particulars and free carriage ride, call on

W. B. BARBER, Special Agent;

No. 115 W. First Street, Los Angeles.

## ALBEE &amp; WILLARD,

REAL ESTATE AGENTS.
